The Editorial Board of the *Fountain Journal of Basic Medical and Health Sciences* (FUJBMHES) is formally retracting the article titled “Outcomes and Demographic Characteristics of Diabetes Admissions in Federal Teaching Hospital Ido-Ekiti: A Retrospective Study,” which appeared in Volume 2, Issue 1.

This retraction is issued following a formal request by the lead author on behalf of the research team. Post-publication, the authors identified a conflict of interest that was omitted during the initial submission and peer-review process. The authors have acknowledged that this omission compromises the transparency and ethical integrity expected in scholarly publishing and have collectively agreed that a full retraction is the most appropriate course of action to maintain the accuracy of the scientific record.

The Editorial Board has accepted the request and commends the authors for their proactive steps in identifying and correcting this oversight.

In accordance with international publishing standards:

1. This notice is bidirectionally linked to the original publication.
2. The original article PDF on the journal’s website will remain accessible but will be prominently watermarked as "RETRACTED."
3. Relevant indexing databases will be notified of this change in status.

Regards,

Prof. Mariam D. Adeoye
